Buy the book and don't forget to download the companion workbook

Do a quick run through of CCM Certification Made Easy using the 2-highlighter method

- ✓ Highlight things you know, but need to review just before the test one color (Things like COBRA timelines, CoB info)
- ✓ Highlight things you need to learn a second color
- ✓ Take each item you highlighted that second color and put it in your schedule so you know exactly when you will be studying that information. (You may need to add more study time depending on how much learning you need to do)
